

NORTH PUTNAM COMMUNITY SCHOOL CORPORATION

Administrative Guidelines and Procedures For the Use of NPCSC Facilities

Effective April 1, 2010

The facilities of the North Putnam Community School Corporation are designed and equipped primarily as education facilities. The Board of School Trustees, however, recognizes that many community groups within the School Corporation limits may wish to use the facilities as a meeting place for other activities that support the community. NPCSC always encourages and supports the use of facilities by the residents of Franklin, Clinton, Floyd, Monroe, Jackson, and Russell Townships when they can be made available for the continued growth and education of the community.

If a School District facility is used by a not-for-profit entity, the Board will charge a fee that is calculated to recover the added costs resulting from the use of the facility. Commercial or profit-making organizations will not be allowed to use the facilities unless the commercial or profit-making organizations requesting the use of facilities are conducting a not-for-profit activity. All arrangements for the use of school facilities are to be made through the building principal (or his/her designee) of the building that is being requested for use.

The intention of this policy is to assure that the use of facilities is consistent with the purpose of North Putnam Community School Corporation's educational programs, to insure that the School Corporation is reimbursed for the financial obligations incurred as a result of facility usage, and to protect the School Corporation from damage, or misuse of facilities. The following regulations must be observed regarding facility use or future use may be denied.

I. APPLICATION & APPROVAL PROCESS

A. PROCUREMENT OF PERMIT

1. The use of all school facilities for any purpose shall be initiated by a responsible member of the organization requesting the Permit through the building principal or designee. School facilities shall not be used indiscriminately by individuals or small segments of the population. Generally, the use of facilities shall be granted to organizations rather than to individuals. For the purpose of calculating fees, all permits require a two hour minimum.
2. At the time of application, organizations must provide a Certificate of Insurance with a minimum coverage, as established by the Board of School Trustees, for property loss and liability, naming North Putnam Community School Corporation as an Additional Insured on the policy in the special provisions/endorsements section prior to approval. Minimum coverage amounts are listed on sample certificate on page 16 (NPCSC listed as certificate holder is not sufficient).
3. All requests should be made on the approved Permit application to the Building Principal or designee of the building being requested for use not less than thirty (30) days prior to the requested date of use.
4. The building principal or designee reviews the application, approves or denies the application, and forwards to all staff members required to facilitate the request.
 - (a.) To use athletic space, inside or outside, requires the approval of the NPCSC Athletic Director.
 - (b.) To use the pool requires the approval of the NPCSC Athletic Director.
 - (c.) To use kitchen space requires the approval of the Food Service Director.
 - (d.) To use the auditorium/theater requires the approval of the Building Principal.
5. Upon approval of all relevant administrators, the Administrative Assistant to the Superintendent shall then notify the applicant of the denial or acceptance and provide a written estimate of fees involved within ten (10) business days.
6. Organizations that fail to cancel a facility use request within twenty-four (24) hours of a scheduled event will be charged a minimum of one hour custodial fee plus any additional labor charges which may be incurred for set-up and/or breakdown of the facility. The only exception to this cancellation policy is in the event of a school cancellation or delay.
7. Permit applications will be denied or canceled if requested usage is determined by the Superintendent to not be in the best interest of the School Corporation or community.
8. Billing for the use of facilities will be generated on the first of the month following the use with charges due upon receipt. Checks should be made payable to the North Putnam Community School Corporation. Invoices not paid within 30 days will be grounds to terminate any existing permit and may result in the denial of future usage. In the event suit for collection of amounts due becomes necessary, North Putnam Community School Corporation shall have the right to collect, in addition to amounts owed, reasonable costs and attorney fees.

Use during any other time is normally prohibited and special permission must be granted for use outside of normally scheduled hours (e.g. blood drive, polling location). Use is approved on the basis of a two (2) hour minimum charge for all necessary fees, and accrued hourly beyond that point.
 - a.) Applications for facility use during the months of September through May will only be accepted after August 15.
 - b.) Applications for facility use during the months of June through September will only be accepted after March 15.
 - c.) Since staff may not be present in the buildings during the months of June and July, applications for facility use during the months of July and August must be submitted prior to June 1.
2. Use of facilities by community groups must not interfere with school functions/activities. All school functions will take precedence over non-school related facility use, even after final approval is granted. In the event of inclement weather, facility usage will follow the same schedule as all other NPCSC activities (i.e. if school is canceled, the use of facilities must be canceled). Should the requesting organization's use of facilities occur outside of normal school operations, the requesting organization is responsible for the safety and welfare of its participants (i.e. snow or ice removal). The requesting organization is responsible for any injury incurred during the rental time period.
3. Any damage, theft, loss of supplies and/or equipment or misuse of School Corporation property shall be paid in full by the sponsoring organization. The appraisal of the Superintendent of Schools or his/her agent shall be the final determinate in all cases of damage or misuse. No furniture or equipment (including pianos, stage equipment, audiovisual equipment), shall be used or moved unless specifically requested on the Permit. The use of special equipment shall be permitted only when operated by school employees or other persons authorized by the school or its representatives. 4. A custodian or other approved school employee must be in the building when any part of it is being used by any group to assure that the facilities and equipment are properly maintained and utilized. NORTH PUTNAM COMMUNITY SCHOOL CORPORATION

 - c.) Additional Catering/Kitchen, Athletic, and Pool Facility Use Policies apply to the use of those facilities and must be submitted and signed by requesting organization at the time of application for facility use.
5. The organization and all of its participants will release and hold harmless NPCSC of and from any injury to person or property loss that may occur during the use of facilities and equipment, including injury suffered as a result of NPCSC's own negligence. Within 24 hours of an accident, the organization's representative must give written notice to the building principal of any accident resulting in bodily injury or damage to property of the facility or others occurring on school premises or in any way connected with the use of facilities. The notice must include details of the time, place, and circumstances of the incident as well as the names and contact information of any person(s) witnessing the accident.

2. League Status

- a.) Therefore, the North Putnam Community School Corporation has determined the following guidelines for League Status:
 - (1.) League Status is approved only by the Superintendent of Schools upon the recommendation of the NPCSC Athletic Director, and is granted for a period of not more than one year. Each additional year will require an application for renewal.

NORTH PUTNAM COMMUNITY SCHOOL CORPORATION

2010 Use of Facilities Administrative Guidelines

- (1.) Facilities requested must coincide with the nature of the sport and the age group of the participants of the organization or program.
 - (a.) Inside sports may request the appropriate inside facilities (i.e. basketball leagues will not be permitted to use the weight room or pool area without specific and separate approval).
 - (b.) Outside sports may request the appropriate outside facilities (i.e. soccer or baseball leagues will not be permitted to use indoor spaces).
 - (c.) Facilities requested in the “off” season to be used for “conditioning” will not be permitted.
- (2.) After each activity, the leagues are expected to police the grounds for debris generated by the participants or spectators, as well as keep all vehicular traffic off the grounds. - (4.) League status is conveyed to those groups providing a significant contribution to the welfare and development of the children of Franklin, Clinton, Floyd, Monroe, Jackson, and Russell Townships. The School Corporation and its taxpayers have made a significant investment in the development and operation of facilities to support NPCSC curricular and extracurricular programs and the activities of community organizations. In return for providing “League Status”, it is expected that Leagues will contribute monetarily to the upkeep, maintenance, and improvement of NPCSC facilities to address the needs that the Corporation is not otherwise able to fund. The exact nature of these contributions shall be coordinated with the NPCSC Athletic Director and/or the Superintendent and shall annually be sent to the Board of School Trustees for approval as a donation to the school district.
- (5.) Each League shall have one authorized representative to discuss questions, concerns and/or scheduling with NPCSC. NPCSC will not discuss any details with facility use with anyone other than the authorized representative.

3. Camps/Clinics

- a.) The administration of the North Putnam Community School Corporation supports and encourages the head coaches of NPHS to pursue excellence. As part of the overall responsibility of the head coach, “building the program” may require a coach to develop enthusiasm and knowledge of their program sport within the community and to work with athletes in out-of-season conditioning and training. A Varsity Coach may host non-school athletic events on school property to raise money to promote his/her program provided the following requirements are met:
